

Amendments to the Specification:

Please substitute the following paragraph [0021] with the following amended paragraph:

[0021] The bottom frame 2 as well as the top of frame 3 have a U-profile-shaped cross-section, as illustrated in detail in Figure 3, and the lateral profile ~~legs~~ side walls S1, S2 of the two frames 2 and 3 overlap one another, the ~~legs~~ side walls S1 of the top frame 3 being situated in a slightly spaced manner within the ~~legs~~ side walls S2 of the bottom frame 2. According to another embodiment, the ~~legs~~ side walls S1 can also reach over the ~~legs~~ side walls S2 from the outside.
